## Unleash the Full Potential of Your Manufacturing

Fastems is a world-leading supplier of CNC automation solutions with over 40 years and 4500 installations of experience with over 100 machine tool and other device brands. As an open integrator, we solve the fundamental challenges and inefficiencies around variable batch (high-mix) production, experienced by all industrial manufacturers from local machine shops to global enterprises. Our mission is to help manufacturers to make the most of the 8760 yearly hours.

## Our Key Industries

**Aerospace & Defense**

**General & Special Machine Building**

**Automotive**

**Subcontractors / Job Shops**

**Medical**

**Fluid Technologies**

**Energy**

**Heavy Vehicles & Machinery**

## Customer Stories

PRODUCTION TECHNOLOGY

### Wärtsilä

The benefits from the new manufacturing systems of Wärtsilä include high and uniform quality, shorter delivery times, and cost efficiency.

PRODUCTION TECHNOLOGY

### Gilbert Products

Fastems helped Gilbert to double the production output with the same number of employees. That enabled Gilbert to expand the product line and to more than double their sales revenues in just a few years.
