*No downloads required. You will simply be redirected to a secure, third party virtual video conferencing tool. Additional family members and primary care physician can also join in.

MED CONCIERGE SERVICES

Virtual Pharmacist

Talk to a licensed pharmacist using an easy, secure over the internet video technology. Even get your primary care Physician or other Family members involved. We got you covered!

MED Packs

We can sort your medication and supplements in pouch packaging by date and time so you never forget to take your meds. Each MED Pack is clearly printed on and sealed.

MedsCheck

We offer virtual medication reviews. Our team will go over the prescription drugs and supplements you are currently

taking to make sure everything is optimized and suitable for you.

Prescription Refills

Our prescription refills process is fast and easy. Our service is similar to your current pharmacy, only at MyEasyDose you talk to your pharmacist in a secure virtual environment.

New Prescriptions

All prescriptions need to be prescribed from a licensed Ontario Doctor. We will get in touch with your prescribing Doctor and have all info sent to us. We handle all the heavy lifting for you.

Easy Delivery Options

We can fulfill/deliver medication requests to any address in Ontario. In most cases delivery is free. Our team will discuss all delivery options with you in your consultation.

Over The Counter

We can help you get any over the counter items like cough syrup, supplements, vitamins and more. Just visit the waiting room and will get your order ready for curbside pickup or delivery.

Health Coaching

Having issues quitting smoking, losing weight or managing diabetes? Our wellness team can discuss a variety of health concerns and set you up on a program to monitor your goals.

Compounding

We can prepare a specialized formulation of medication to fit special prescription needs for a unique situation or some Doctors may prescribe something for a patient that is not readily available.
