AN/"Hologram, Inc"

| PAT. NO.                      | Title                                                                                                           |
|-------------------------------|-----------------------------------------------------------------------------------------------------------------|
| 1 <a href="#">11,347,185</a>  | <a href="#">Displaying three-dimensional objects</a>                                                            |
| 2 <a href="#">11,088,835</a>  | <a href="#">Cryptographic module to generate cryptographic keys from cryptographic key parts</a>                |
| 3 <a href="#">10,964,103</a>  | <a href="#">Three-dimensional displays using electromagnetic field computations</a>                             |
| 4 <a href="#">10,909,756</a>  | <a href="#">Three-dimensional displays using electromagnetic field computations</a>                             |
| 5 <a href="#">10,902,673</a>  | <a href="#">Three-dimensional displays using electromagnetic field computations</a>                             |
| 6 <a href="#">10,878,623</a>  | <a href="#">Three-dimensional displays using electromagnetic field computations</a>                             |
| 7 <a href="#">10,878,622</a>  | <a href="#">Three-dimensional displays using electromagnetic field computations</a>                             |
| 8 <a href="#">10,867,439</a>  | <a href="#">Three-dimensional displays using electromagnetic field computations</a>                             |
| 9 <a href="#">10,854,000</a>  | <a href="#">Three-dimensional displays using electromagnetic field computations</a>                             |
| 10 <a href="#">10,853,999</a> | <a href="#">Three-dimensional displays using electromagnetic field computations</a>                             |
| 11 <a href="#">10,836,134</a> | <a href="#">Low reflection articles and related systems and methods</a>                                         |
| 12 <a href="#">10,630,466</a> | <a href="#">Apparatus and method for exchanging cryptographic information with reduced overhead and latency</a> |
| 13 <a href="#">10,551,528</a> | <a href="#">Low reflection articles and related systems and methods</a>                                         |
| 14 <a href="#">10,465,029</a> | <a href="#">Photosensitive resin and manufacturing method thereof</a>                                           |
