## Notes to the Financial Statements for the Year Ended 31 March 2021

### 1 Accounting policies

#### Summary of significant accounting policies and key accounting estimates

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

#### Statement of compliance

These financial statements have been prepared in accordance with Financial Reporting Standard 102 Section 1A - 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' and the Companies Act 2006.

#### General information and basis of accounting

The limited liability partnership is incorporated in England and Wales under the Limited Liability Partnership Act 2000. The address of the registered office is given on the limited liability partnership information page.

These financial statements have been prepared using the historical cost convention except that as disclosed in the accounting policies certain items are shown at fair value.

The functional currency of Pearn Kandola LLP is considered to be pounds sterling because that is the currency of the primary economic environment in which the limited liability partnership operates. Foreign operations are included in accordance with the policies set out below.

#### Revenue recognition

Turnover comprises the fair value of the consideration received or receivable for the rendering of services in the ordinary course of the limited liability partnership's activities. Turnover is shown net of sales/value added tax, returns, rebates and discounts.

The limited liability partnership recognises revenue when:

The amount of revenue can be reliably measured;

it is probable that future economic benefits will flow to the entity;

and specific criteria have been met for each of the limited liability partnership's activities activities.

#### Taxation

The taxation payable on the partnership's profits is the personal liability of the members, although payment of such liabilities is administered by the partnership on behalf of its members. Consequently, neither partnership taxation nor related deferred taxation is accounted for in these financial statements. Sums set aside in respect of members' tax obligations are included in the balance sheet within loans and other debts due to members, or are set against amounts due from members as appropriate.

### Notes to the Financial Statements for the Year Ended 31 March 2021 (continued)

#### 1 Accounting policies (continued)

##### Goodwill

Positive goodwill is capitalised, classified as an asset on the balance sheet and amortised on a straight line basis over its useful economic life. It is reviewed for impairment at the end of the first full financial year following the acquisition and in other periods if events or changes in circumstances indicate that the carrying value may not be recoverable.

##### Intangible assets

Intangible assets are stated in the balance sheet at cost less accumulated amortisation and impairment. They are amortised on a straight line basis over their estimated useful lives.

##### Tangible fixed assets

Tangible assets are stated in the balance sheet at cost, less any subsequent accumulated depreciation and subsequent accumulated impairment losses.

The cost of tangible assets includes directly attributable incremental costs incurred in their acquisition and installation.

##### Depreciation

Depreciation is provided on tangible fixed assets so as to write off the cost or valuation, less any estimated residual value, over their expected useful economic life as follows:

<b>Asset class</b>	<b>Depreciation method and rate</b>
Office equipment	15% reducing balance and 20% straight line
Computer equipment	33.3% straight line

##### Fixed asset investments

Investments in subsidiaries are measured at cost less accumulated impairment.

Investments in unlisted LLP shares, whose market value can be reliably determined, are remeasured to market value at each balance sheet date. Gains and losses on remeasurement are recognised in the Statement of Comprehensive income for the period. Where market value cannot be reliably determined, such investments are stated at historic cost less impairment.

Investments in listed company shares are remeasured to market value at each Balance Sheet date. Gains and losses on remeasurement are recognised in profit or loss for the period.

##### Stock and work in progress

Stock and work in progress are valued at the lower of cost and net realisable value, after due regard for obsolete and slow moving stocks. Net realisable value is based on selling price less anticipated costs to completion and selling costs. Cost includes all direct costs and an appropriate proportion of fixed and variable overheads.

#### 1 Accounting policies (continued)

##### Trade debtors

Trade debtors are amounts due from customers for merchandise sold or services performed in the ordinary course of business.

Trade debtors are recognised at the transaction price. A provision for the impairment of trade debtors is established when there is objective evidence that the limited liability partnership will not be able to collect all amounts due according to the original terms of the receivables.

##### Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and call deposits, and other short-term highly liquid investments that are readily convertible to a known amount of cash and are subject to an insignificant risk of change in value.

##### Trade creditors

Trade creditors are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Accounts payable are classified as current liabilities if the limited liability partnership does not have an unconditional right, at the end of the reporting period, to defer settlement of the creditor for at least twelve months after the reporting date. If there is an unconditional right to defer settlement for at least twelve months after the reporting date, they are presented as non-current liabilities.

Trade creditors are recognised at the transaction price.

##### Members' interests

Amounts due to members after more than one year comprise provisions for annuities to current members and certain loans from members which are not repayable within twelve months of the balance sheet date.
