NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2021

1. General information

Vera Productions Limited is a private company limited by shares and incorporated in England. The address of its principal place of business is 10 Bedford Square, London, England, WC1B 3RA.

2. Accounting policies

2.1 Basis of preparation of financial statements

The financial statements have been prepared under the historical cost convention unless otherwise specified within these accounting policies and in accordance with Financial Reporting Standard 102, the Financial Reporting Standard applicable in the UK and the Republic of Ireland and the Companies Act 2006.

The following principal accounting policies have been applied:

2.2 Going concern

At the balance sheet date the company had net liabilities of £295,769 and is reliant on loans from group companies totalling £313,723.

After reviewing the company's five year forecasts, the directors have a reasonable expectation that the company has adequate resources to continue as a going concern. The company is working with television companies to utilise its large slate of developed ideas and to develop further ideas similar to other successful productions.

The ultimate parent undertaking, DLT Entertainment Limited (USA) has confirmed its intention to continue to support the company for at least the next twelve months from the date of approval of these financial statements. The company is accordingly able to continue in operation and is able to pay its debts as they fall due.

On this basis the directors consider it appropriate to prepare the financial statements on the going concern basis. The financial statements do not include any adjustments that would result from the withdrawal of the aforementioned support.

2.3 Revenue

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. Revenue is measured as the fair value of the consideration received or receivable, excluding discounts, rebates, value added tax and other sales taxes.

Production fees comprise amounts receivable in respect of the development, filming and editing of television programmes. Production fees are recognised in accordance with the stage of completion as defined in the contracts.

Distribution income comprises amounts receivable from distribution of television productions and is recognised in the period in which the relevant production has been aired or downloaded.

2.4 Government grants

Grants are accounted under the accruals model as permitted by FRS 102.

Grants of a revenue nature are recognised in the Statement of Income and Retained Earnings in the same period as the related expenditure.

FOR THE YEAR ENDED 31 DECEMBER 2021

2. Accounting policies (continued)

2.5 Interest income

Interest income is recognised in profit or loss using the effective interest method.

2.6 Pensions

Defined contribution pension plan

The company operates a defined contribution plan for its employees. A defined contribution plan is a pension plan under which the company pays fixed contributions into a separate entity. Once the contributions have been paid the company has no further payment obligations.

The contributions are recognised as an expense in profit or loss when they fall due. Amounts not paid are shown in accruals as a liability in the Statement of Financial Position. The assets of the plan are held separately from the company in independently administered funds.

2.7 Tangible fixed assets

Tangible fixed assets under the cost model are stated at historical cost less accumulated depreciation and any accumulated impairment losses. Historical cost includes expenditure that is directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

Depreciation is charged so as to allocate the cost of assets less their residual value over their estimated useful lives, using the straight-line method.

Depreciation is provided on the following basis:

Computer equipment	-	25%	Straight line
--------------------	---	-----	---------------

The assets' residual values, useful lives and depreciation methods are reviewed, and adjusted prospectively if appropriate, or if there is an indication of a significant change since the last reporting date.

Gains and losses on disposals are determined by comparing the proceeds with the carrying amount and are recognised in profit or loss.

2.8 Debtors

Short term debtors are measured at transaction price, less any impairment.

2.9 Cash and cash equivalents

Cash is represented by cash in hand and deposits with financial institutions repayable without penalty on notice of not more than 24 hours.

2.10 Creditors

Short term creditors are measured at the transaction price.
