Hefei Fusheng Machinery Manufacturing Co., Ltd. is a mechanical parts manufacturing company integrating die forging, ring forging, heat treatment, finishing, welding, painting and other processes. Hefei Dingli Forging Co., Ltd. (old factory) was established in Shuangfeng Development Zone, Hefei 2011, Hefei Fusheng Machinery Manufacturing Co., Ltd. (new factory) was established in Wushan 1 Changfeng County, Hefei. It covers a total area of 96,000 square meters and a construction area of 7 square meters.

The company has full-process technology R&D and manufacturing capabilities from product design mold R&D, mold manufacturing, to product manufacturing. There are more than 500 employees, in more than 30 technical personnel and more than 40 quality personnel. It is capable of producing die of more than 1KG and less than 300KG, and ring forgings of less than 3 meters.

It has 1 1,000-ton forging production line, 2 2,500-ton forging production lines, 1 4,000-ton forging production line, 1 6,300-ton forging production line, 4 10,000-ton forging production lines, a 6,000-ton hydraulic press, and a 3-meter ring rolling machine production line. 2 continuous quenching and tempering production lines, 2 continuous spraying production lines, 2 800KW induction quenching equipment, furnace pit furnace equipment, 6 hanging shot blasting machines, Mazak horizontal processing, Doosan vertical processing, Doosan There are more than 60 CNC equipment such as vertical lathes and oil n vertical lathes, and more than 100 gear shaping machines and general machining equipment. Welding 5 welding positioners, and 1 painting production line. It has 1 Zeiss CMM, 3 Hexagon CMMs, a speed profiler, 4 flaw detectors, hardness machines, mechanical performance testing equipment, etc.

The annual production capacity of precision die forgings can reach 80,000 tons, and the annual ring forgings can reach 100,000 pieces.

The products currently produced mainly serve high-quality enterprises in the excavator, grader, road machine, coal shearer, agricultural machinery, forklift and other industries. Exports account for 2019, sales exceeded RMB 500 million.

We provide customers with the most cost-effective products based on excellent quality, reasonable prices and timely services.
