## NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED 31 DECEMBER 2023

### 1. General information

The company is a private company limited by shares, registered in England and Wales. The address of the registered office is Unit 7, Park Valley Court, Meltham Road, Huddersfield, HD4 7BH.

### 2. Statement of compliance

These financial statements have been prepared in compliance with Section 1A of FRS 102, 'The Financial Reporting Standard applicable in the UK and the Republic of Ireland'.

### 3. Accounting policies

#### Basis of preparation

The financial statements have been prepared on the historical cost basis. The financial statements are prepared in sterling, which is the functional currency of the entity.

#### Revenue recognition

Turnover is measured at the fair value of the consideration received or receivable for goods supplied and services rendered, net of discounts and Value Added Tax. Revenue from the sale of goods is recognised when the significant risks and rewards of ownership have transferred to the buyer (usually on despatch of the goods); the amount of revenue can be measured reliably; it is probable that the associated economic benefits will flow to the entity; and the costs incurred or to be incurred in respect of the transactions can be measured reliably.

#### Taxation

The taxation expense represents the aggregate amount of current and deferred tax recognised in the reporting period. Tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, tax is recognised in other comprehensive income or directly in equity, respectively. Current tax is recognised on taxable profit for the current periods. Current tax is measured at the amounts of tax expected to pay or recover using the tax rates and laws that have been enacted or substantively enacted at the reporting date. Deferred tax is recognised in respect of all timing differences at the reporting date. Unrelieved tax losses and other deferred tax assets are recognised to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits. Deferred tax is measured using the tax rates and laws that have been enacted or substantively enacted by the reporting date that are expected to apply to the reversal of the timing difference.

#### Operating leases

Lease payments are recognised as an expense over the lease term on a straight-line basis. The aggregate benefit of lease incentives is recognised as a reduction to expense over the lease term, on a straight-line basis.

#### Tangible assets

Tangible assets are initially recorded at cost, and subsequently stated at cost less any accumulated depreciation and impairment losses.

## **Depreciation**

Depreciation is calculated so as to write off the cost or valuation of an asset, less its residual value, over the useful economic life of that asset as follows:

Plant & machinery	-	15% reducing balance
Fixtures & fittings	-	15% reducing balance
Computer equipment	-	33% straight line

## **Government grants**

Government grants which include performance criteria are recognised in accordance with the performance model and released over the period of the grant as and when there is sufficient confidence that the performance criteria will be met.

## **Research and development expenditure**

Research and development expenditure is written off as incurred.

## **Impairment of fixed assets**

A review for indicators of impairment is carried out at each reporting date, with the recoverable amount being estimated where such indicators exist. Where the carrying value exceeds the recoverable amount, the asset is impaired accordingly. Prior impairments are also reviewed for possible reversal at each reporting date. For the purposes of impairment testing, when it is not possible to estimate the recoverable amount of an individual asset, an estimate is made of the recoverable amount of the cash-generating unit to which the asset belongs. The cash-generating unit is the smallest identifiable group of assets that includes the asset and generates cash inflows that largely independent of the cash inflows from other assets or groups of assets.

## **Stocks**

Stocks are measured at the lower of cost and estimated selling price less costs to complete and sell. Cost includes all costs of purchase but exclude labour and production overhead costs.

## **Finance leases and hire purchase contracts**

Assets held under finance leases and hire purchase contracts are recognised in the balance sheet as assets and liabilities at the lower of the fair value of the assets and the present value of the minimum lease payments, which is determined at the inception of the lease term. Any initial direct costs of the lease are added to the amount recognised as an asset. Lease payments are apportioned between the finance charges and reduction of the outstanding lease liability using the effective interest method. Finance charges are allocated to each period so as to produce a constant rate of interest on the remaining balance of the liability.

## Financial instruments

Financial instruments are classified and accounted for, according to the substance of the contractual arrangement, as either financial assets, financial liabilities or equity instruments. An equity instrument is any contract that evidences a residual interest in the assets of the company after deducting all of its liabilities.

## Provision for liabilities

A provision is recognised when the company has a legal or constructive obligation as a result of a past event and it is probable that an outflow of economic benefit will be required to settle the obligation.

## Defined contribution plans

Contributions to defined contribution plans are recognised as an expense in the period in which the related service is provided. Prepaid contributions are recognised as an asset to the extent that the prepayment will lead to a reduction in future payments or a cash refund.

## 4. Employee numbers

The average number of persons employed by the company during the year amounted to 59 (2022: 48 ).

## 5. Tangible assets

	Plant and machinery £	Fixtures and fittings £	Computer equipment £	Total £
<b>Cost</b>				
At 1 January 2023	131,706	741,663	163,297	<b>1,036,666</b>

Obligations under finance leases and hire purchase contracts	21,789	6,785
Other creditors	208,428	1,154,037
	<u>1,692,405</u>	<u>3,352,942</u>

## 9. Creditors: amounts falling due after more than one year

	2023	2022
	£	£
Secured loan	1,000,000	1,000,000
Hire purchase and finance lease agreements	21,555	6,768
	<u>1,021,555</u>	<u>1,006,768</u>

The loan is secured by a fixed and floating charge over the assets of the company.

## 10. Called up share capital

### Issued, called up and fully paid

	2023		2022	
	No.	£	No.	£
Ordinary shares of £ 0.01 each	<u>8,277,185</u>	<u>82,772</u>	<u>6,256,100</u>	<u>62,561</u>

On 7 February 2023 the company issued 1,137,400 £0.01 ordinary shares for £4 per share. On 30 November 2023 the company issued 842,107 £0.01 ordinary shares for £4.75 per share. On 31 December 2023 the company issued 41,578 £0.01 ordinary shares for £4.75 per share.

## 11. Operating leases

The total future minimum lease payments under non-cancellable operating leases are as follows:

	2023	2022
	£	£
Not later than 1 year	185,855	185,855
Later than 1 year and not later than 5 years	97,322	283,178
	<u>283,177</u>	<u>469,033</u>

## 12. Deferred tax

The company has a deferred tax asset of £1,518,757 at 31 December 2023 (2022: £1,034,189). This arises from corporation tax losses to carry forward for offset against future trading profits totalling £8,654,484 (2022: £6,107,105) less accelerated capital allowances.

## 13. Control of the company

No individual shareholder has control of the company.

This document was delivered using electronic communications and authenticated in accordance with the registrar's rules relating to electronic form, authentication and manner of delivery under section 1072 of the Companies Act 2006.
