

CYBERFORT GROUP LIMITED

ANNUAL REPORT AND FINANCIAL STATEMENTS
for the year ended 31 December 2021

Registration number: 10796111 (England and Wales)

Cyberfort Group Limited
Strategic Report
for the year ended 31 December 2021

1

The Directors present the strategic report on Cyberfort Group Limited (the "Company") and its subsidiaries (together the "Group") for the year ended 31 December 2021.

Review of the business and position of the Company at the year end

The Group's results are set out in the Statement of Comprehensive Income on page 7.

Revenue for the year ended 31 December 2021 was £19,108,000 (2020: £14,304,000).

Operating profit decreased to £1,923,000 (2020: loss £3,560,000)

The Statement of Financial Position of the Group at 31 December 2021 is set out on page 8.

The Group continues to build on its unique proposition in offering a comprehensive portfolio of data security and privacy centric products and services under the primary headings of Cloud, Compliance and Cybersecurity. The Group has always looked to internally build and develop certain capabilities where possible believing that this ultimately makes for better investment returns but also ensures that any products and services thus developed are both fully as desired and also that the Group can ensure that any adaptations required to meet specific clients' needs can be accommodated.

2021 saw strong organic growth that was a direct output of the strategy defined in 2017 and executed over the course of 2017-2020. During the year, the strategic set of products and services first mapped out in 2017 was completed with the launch in Q4 of our own Managed Detect and Response service ("MDR") operated out of the Group's purpose-built Security Operations Centre ("SOC") based at the Newbury Secure Hosting Facility. This build and operation of this service has been funded out of the ongoing successful growth of the business with a financial contribution now expected to fuel further organic company growth in 2022.

The uniqueness of the Cyberfort proposition has seen success achieved in both cross selling to existing clients but also in winning new contracts that involve the delivery of historically segmented offerings.

Aside from the successful launch of the MDR service the focus has switched to the investment in the sales and marketing capability of the Group to capitalise on the unique offering and the growing reputation in the market for quality of service.

Key performance indicators

The Group considers a wide range of financial, non-financial measures and operational performance indicators throughout each year. The key financial performance indicators are contracted revenue and adjusted EBITDA (operating profit before amortisation, depreciation, share-based payments, and exceptional items).

The Group's year-end Recurring Annual Revenue ("RAR") stood at £9.3m (2020: £9.2m). Concentration risk across the RAR portfolio is low: the top 10 clients make up only 41% (2020: 40%) of the Group's RAR with the largest client accounting for just 6% (2020: 6%) of the total RAR.

Non-financial measures include:

- Number of contracted customers
- Number of fee earning consultants and their utilisation

The financial performance of the Group showed a solid 34% increase in revenues from £14,304,000 to £19,108,000, all organic, and all in the backdrop of the global Covid pandemic.

Future developments

The business growth will continue to be derived primarily from the Compliance and Cybersecurity capabilities that are now established in the market.

Our internally developed MDR solution will be central to this growth, with strong sales pipelines and expressions of interest already having been established and the sales and marketing team having been notably expanded to capitalise on the demand that we expect to be generated over the course of 2022.

Investment in the Cloud capability has seen the business become both an AWS (Amazon Web Services) and Azure partner and our latest, internally developed, private and hybrid cloud platform was launched in early Q2 of 2022. Demand for our secure suite colocation offering, which best utilises the unique physical facilities that we hold title to, remains solid and may well increase as global geo-political events unfold.

With an established set of capabilities, accreditations and a wide-ranging approved presence on relevant frameworks, we now possess a highly professional bid and tender capability. Combined with an increasing market presence and reputation we fully expect to see this area provide us with some material opportunities in the 12 months ahead.

Building further on the strong organic growth of the past two years we have expanded our sales and marketing capability and are also now partnering with some major organisations both on specific bids but also as indirect routes to market. Our growing reputation and capabilities have earned us these relationships.

Principal risks and uncertainties and financial instruments

The Group makes little use of financial instruments other than operational bank accounts and loans and Investor Loan Notes. The Directors believe the Group's exposure to price risk, credit risk, liquidity risk and cash flow risk is not material for the assessment of the assets, liabilities, and profit or loss of the Group.

The primary trading activities of the Group continued to be centred around the areas of, secure managed hosting, penetration testing, IT security and compliance consulting, and cyber security risk and compliance management, implementation and monitoring.

During the year the Group invested in the organic build of its own Security Operations Centre and Managed Detect and Response service with the expectation and intent of this becoming a commercial offering during 2021.

An Information Security Management System, ISO/IEC 27001:2013, continues to be tightly managed and well engrained within the culture.

Cyber Security remains at the heart of the business and we continue to invest in governance, risk and compliance. In 2021 there was again a continued commitment to invest in our people via training, aimed at both enhancing their skills but also at gaining and retaining the professional qualifications required to evolve the Group's reputation and capability. This has been a successful endeavour seeing core accreditations such as ISO/IEC 27001:2013, G-Cloud listing, PCI-DSS, Data Security and Protection Toolkit again all being fully managed and maintained internally whilst enhancing security, policy and process.

The Group's risk register is managed and reported formally to the ISO Management team on a monthly basis

Detailed controls and any relevant action plans are prepared for the ISO team as part of the monthly process. Additionally, we have established a procedure to monitor risks, and any changes thereto, across the Group. Any relevant information arising from such monitoring is also reported to the ISO team.

The ISO team are responsible for managing and reporting risk in accordance with the Group's risk management policy and standards. The risks are entered into the Group's risk register which provides an overview of the risk profile along with their risk mitigation measures and feeds directly into the Continual Services Improvement Plan (CSIP) that is also managed by the ISO team. The ISO team are responsible for the oversight of all systems and processes that are used by the business across all of its operations.

During 2021 Cyberfort retained ISO 27001 at the Group company level giving a single consolidated view of risk and compliance.

Going concern

The year ended 31 December 2021 saw a much-reduced commercial impact of the COVID-19 pandemic compared to 2020 with some positives to Cyberfort starting to be seen as organisations realised that a move to the mass remote working had introduced material compliance and cyber risk into their ongoing operations.

The Group's business model is well positioned to operate effectively on a remote basis and we have taken the decision not to return to being an office based, instead adopting a hybrid working model which we believe will also have benefits from an employment perspective for our teams. The health and wellbeing of staff is of paramount importance to the Group and the board has taken a number of steps to ensure their ongoing welfare, alongside being able to continue to operate effectively.

The Group balance sheet at 31 December 2021 has an excess of liabilities over assets. The Directors have prepared the accounts on a going concern basis which they believe to be appropriate given that the Group is cash-generative and is forecast to remain so, had an undrawn committed debt facility of £1.0m at 31 December 2021, and has no material loan repayments due until 2024.

Cyberfort Group Limited
Directors' Report
for the year ended 31 December 2021

3

The Directors present their report and the audited financial statements for the year ended 31 December 2021. This Directors' Report contains certain statutory, regulatory and other information and incorporates, by reference, the Strategic Report.

The Company's registered number is 10796111. The registered office is Venture West, Greenham Business Park, Greenham, Thatcham RG19 6HX.

The Company has adopted Financial Reporting Standards 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" ("FRS 102") in preparing these financial statements.

The Company has drawn up these accounts for the year ended 31 December 2021, in line with company law allowing accounts to be drawn up to within 7 days of the accounting reference date.

Principal activities

The principal activity of the Group during the year continued to be the provision of ultra secure hosting and IT services.

Results and dividends

Details of the Group's results are set out in the Consolidated Statement of Comprehensive Income on page 7. The Group's loss for the year after taxation amounted to £6,693,000 (2020: loss £9,319,000). The Directors do not propose a dividend for the year ended 31 December 2021 (2020: £nil). Details of the future developments of the Company are included in the Strategic Report.

Directors

The Directors who served during the year and up to date of signing the financial statements were as follows:

A Dickin
A D M Hague
A J Strickland
M I Howling

Directors' indemnity and insurance

The Group maintained insurance cover during the year for its Directors and Officers under a Directors and Officers liability insurance policy against liabilities that may be incurred by them while carrying out their duties. Further, subject to the provisions of the Companies Act 2006, the Company's Articles of Association provide that the Directors are entitled to be indemnified against certain liabilities incurred in the execution or discharge of his or her duties.

Employees

At 31 December 2021 the Group employed 126 people.

The Group's policy is to consult and discuss with employees matters likely to affect employees' interests. The Group systematically provides employees with information on matters of concern to them, consulting them or their representatives regularly, so that their views can be taken into account when making decisions that are likely to affect their interests. Employee involvement in the Group is encouraged, as achieving a common awareness on the part of all employees of the financial and economic factors affecting the Group plays a major role in maintaining its relationship with its staff.

The Group is committed to employment policies which follow best practice, based on equal opportunities for all employees, irrespective of ethnic origin, religion, political opinion, gender, marital status, disability, age or sexual orientation.

Applications for employment by disabled persons are fully considered, bearing in mind the respective aptitudes and abilities of the applicants concerned. In the event of members of staff becoming disabled, every effort is made to ensure that their employment with the Group continues and that appropriate training is arranged. It is the policy of the Group that the training, career development and promotion of disabled employees should, as far as possible, be identical with that of other employees.

Environmental policy

The Group acknowledges the importance of environmental matters and where possible uses environmentally friendly policies in its offices, such as recycling and energy-efficient practices.

Health and safety

The Group aims to provide and maintain a safe working environment for all colleagues and visitors to its premises, and to comply with all relevant UK health and safety legislation. Health and safety matters are delegated to representatives within the business, who can raise any issues arising via a number of means, including the corporate risk register whose highest rated risks are reviewed periodically by the Board.

Research and development

The Group capitalised £636,000 (2020: £106,000) during the year on development of software products.

Strategic report

The Group has chosen in accordance with Companies Act 2006, s. 414C(11) to set out in the Group's strategic report information required by Large and Medium-sized Companies and Groups (Accounts and Reports) Regulations 2008, Sch. 7 to be contained in the Directors' report. It has done so in respect of future developments and financial instruments.

Disclose of information to auditors

The Directors who held office at the date of approval of this Directors' report confirm that, so far as they are aware, there is no relevant audit information of which the Company's auditor is unaware; and all Directors have taken the steps that they ought to have taken to make themselves aware of any relevant audit information and to establish that the Company's auditors are aware of that information.

Statement of Directors' responsibilities

The Directors are responsible for preparing the Annual Report and the financial statements in accordance with applicable law and regulations. Company law Under Company law, the Directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The Directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at the time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The Directors are further responsible for ensuring that the Strategic Report and Report of the Directors and other information included in the Annual Report and financial statements are prepared in accordance with applicable law in the United Kingdom.

The maintenance and integrity of the corporate and financial information included on the Company's website is the responsibility of the Directors; the work carried out by the auditors does not involve the consideration of these matters and, accordingly, the auditors accept no responsibility for any changes that may have occurred to the financial statements since they were presented on the website. Legislation in the United Kingdom governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

Auditors

RSM UK Audit LLP have indicated their willingness to be reappointed for another term and appropriate arrangements have been put in place for them to be deemed reappointed as auditors in the absence of an Annual General Meeting.

Cyberfort Group Limited
Independent Auditor's Report
for the year ended 31 December 2021

5

Opinion

We have audited the financial statements of Cyberfort Group Limited (the "Parent Company") and its subsidiaries (the "Group") for the year ended 31 December 2021 which comprise the consolidated statement of comprehensive income, the consolidated statement of financial position, the company statement of financial position, the consolidated statement of changes in equity, the company statement of changes in equity, the consolidated statement of cash flows and the notes to the financial statements, including significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" (United Kingdom Generally Accepted Accounting Practice).

In our opinion, the financial statements:

- give a true and fair view of the state of the Group's and of the Parent Company's affairs as at 31 December 2021 and of the Group's loss for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the group and parent company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report.

Other information

The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. The directors are responsible for the other information contained within the annual report. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Opinion on other matter prescribed by the Companies Act 2006

In our opinion based on the work undertaken in the course of our audit:

- the information given in the strategic report and the directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the strategic report and the directors' report have been prepared in accordance with applicable legal requirements.

Matters on which we are required to report by exception

In the light of the knowledge and understanding of the Group and the Parent Company and their environment obtained in the course of the audit, we have not identified material misstatements in the strategic report or the directors' report.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept by the Parent Company, or returns adequate for our audit have not been received from branches not visited by us; or
- the Parent Company financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit

Responsibilities of directors

As explained more fully in the directors' responsibilities statement set out on page 4, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the Group's and the Parent Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or the Parent Company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

The extent to which the audit was considered capable of detecting irregularities, including fraud

Irregularities are instances of non-compliance with laws and regulations. The objectives of our audit are to obtain sufficient appropriate audit evidence regarding compliance with laws and regulations that have a direct effect on the determination of material amounts and disclosures in the financial statements, to perform audit procedures to help identify instances of non-compliance with other laws and regulations that may have a material effect on the financial statements, and to respond appropriately to identified or suspected non-compliance with laws and regulations identified during the audit.

In relation to fraud, the objectives of our audit are to identify and assess the risk of material misstatement of the financial statements due to fraud, to obtain sufficient appropriate audit evidence regarding the assessed risks of material misstatement due to fraud through designing and implementing appropriate responses and to respond appropriately to fraud or suspected fraud identified during the audit.

However, it is the primary responsibility of management, with the oversight of those charged with governance, to ensure that the entity's operations are conducted in accordance with the provisions of laws and regulations and for the prevention and detection of fraud.

In identifying and assessing risks of material misstatement in respect of irregularities, including fraud, the audit engagement team:

- obtained an understanding of the nature of the industry and sector, including the legal and regulatory frameworks that the company operates in and how the company is complying with the legal and regulatory frameworks;
- inquired of management, and those charged with governance, about their own identification and assessment of the risks of irregularities, including any known actual, suspected or alleged instances of fraud;
- discussed matters about non-compliance with laws and regulations and how fraud might occur including assessment of how and where the financial statements may be susceptible to fraud.

As a result of these procedures we consider the most significant laws and regulations that have a direct impact on the financial statements are FRS 102, the Companies Act 2006 and tax compliance regulations. We performed audit procedures to detect non-compliances which may have a material impact on the financial statements which included reviewing financial statement disclosures, inspecting correspondence with local tax authorities and evaluating advice received from tax advisors.

The most significant laws and regulations that have an indirect impact are compliance with certain ISO quality standards and GDPR. We reviewed the ISO Certificates of Registration, made enquires of appropriate management, reviewed board meeting minutes, reviewed relevant correspondence, made enquires of those charged with governance, reviewed legal expenditure in the year, and also reviewed the systems and controls which are in place to capture material non-compliance with significant laws and regulations.

The audit engagement team identified the risk of management override of controls and revenue recognition as the areas where the financial statements were most susceptible to material misstatement due to fraud. Audit procedures performed included but were not limited to testing manual journal entries and other adjustments and evaluating the business rationale in relation to significant, unusual transactions and transactions entered into outside the normal course of business, challenging judgments and estimates applied in the preparation of the financial statements, and in particular with regard to revenue recognition.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at: <https://www.frc.org.uk/auditorsresponsibilities> This description forms part of our auditor's report.

Use of our report

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

The notes on pages 13 to 29 are an integral part of these financial statements.

1. General information

Cyberfort Group Limited ("the Company") is a private company limited by shares and is registered, domiciled and incorporated in England and Wales. The registered office is Venture West, Greenham Business Park, Greenham, Thatcham, RG19 6HX.

The principal activity of the Company and its subsidiaries (together "the Group") is the provision of ultra secure hosting and IT services.

2. Summary of significant accounting policies

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

2.1 Basis of preparation

These financial statements have been prepared in accordance with FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland", including the adoption of the amendments issued in December 2017, ("FRS 102") and the requirements of the Companies Act 2006, including the provisions of the Large and Medium-Sized Companies and Group (Accounts and Reports) Regulations 2008.

These financial statements are presented in pounds sterling, which is the functional currency. Items within the financial statements are rounded to the nearest thousand.

The financial statements have been prepared under the historical cost convention, modified to include the some tangible fixed assets at fair value. The principal accounting policies adopted are set out below.

2.2 Reduced disclosures

This Company is a qualifying entity for the purposes of FRS 102, being a member of a group where the parent of that group prepares publicly available consolidated financial statements, including this Company, which are intended to give a true and fair view of the assets, liabilities, financial position and profit or loss of the group. The Company has therefore taken advantage of the exemptions from the following disclosure requirements.

- Section 7 'Statement of Cash Flows' - Presentation of a Statement of Cash Flow and related notes and disclosures.
- Section 11 'Basic Financial Instruments' and Section 12 'Other Financial Instrument Issues' - Carrying amounts, interest income/expense and net gains/losses for each category of financial instrument; basis of determining fair values; details of collateral, loan defaults or breaches, details of hedges, hedging fair value changes recognised in profit or loss and in other comprehensive income.
- Section 26 'Share-based Payment' - Share-based payment expense charged to profit or loss, including details of the arrangement and valuation model and inputs used to determine share based payment charge.
- Section 33 'Related Party Disclosures' - Compensation for key management personnel.

2.3 Basis of consolidation

The consolidated financial statements incorporate those of Cyberfort Group Limited and all of its subsidiaries (i.e. entities that the Group controls through its power to govern the financial and operating policies so as to obtain economic benefits). Subsidiaries acquired during the period are consolidated using the purchase method. Their results are incorporated from the date that control passes.

All financial statements are made up to 31 December 2021. Where necessary, adjustments are made to the financial statements of subsidiaries to bring the accounting policies used into line with those used by other members of the Group.

All intra-group transactions, balances and unrealised gains on transactions between group companies are eliminated on consolidation. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred.

The cost of a business combination is the fair value at the acquisition date of the assets given, equity instruments issued and liabilities incurred or assumed, plus costs directly attributable to the business combination. The excess of the cost of a business combination over the fair value of the identifiable assets, liabilities and contingent liabilities acquired is recognised as goodwill.

Deferred tax is recognised on differences between the value of assets (other than goodwill) and liabilities recognised in a business combination accounted for using the purchase method and the amounts that can be deducted or assessed for tax, considering the manner in which the carrying amount of the asset or liability is expected to be recovered or settled. The deferred tax recognised is adjusted against goodwill.

2.4 Going concern

The Group made an operating profit of £3,767,000 before depreciation, amortisation, share-based payments, exceptional items and certain non-operating expenses for the year ended 31 December 2021, had net current liabilities of £5,851,000 at 31 December 2021 and net liabilities of £27,711,000 at the same date.

The Group meets its working capital requirements, and services bank debt, from cash flows generated from operations, with revolving banking facilities of £3.0m available. The bank debt facilities include a £14.2m loan repayable in full at maturity in August 2024 with interest paid quarterly. Interest can be rolled up by the Group on all shareholder debt.

In evaluating the going concern assumption, the directors have prepared cash flow forecasts for the period to 30 June 2023 and compared these, together with a range of sensitivities, to the available bank facilities and the related covenant requirements.

2. Summary of significant accounting policies (continued)

2.4 Going concern (continued)

The Group's businesses were able to substantially continue operating during the full lockdown, with continuing demand for hosting and cybersecurity consulting services. The businesses have seen continued increasing demand for its services once measures were eased, which gives the Directors confidence that a significant degree of fluctuation and further lockdowns can be managed and will not result in a major decline in turnover, operating profit or cash. In addition, a significant proportion of the Group's revenues are contracted into 2023. The sensitivities applied to the forecasts to 30 June 2023 demonstrate sufficient covenant headroom and a number of actions are within the control of Directors, including deferral of capital expenditure, which can further increase the headroom or mitigate any declines. In addition, the Directors are confident the bank will continue to support the Group, noting that the facilities also allow for shareholders to provide additional equity injections to remedy covenant breaches, in the event that they may be required.

Palatine Private Equity LLP has provided the Company with assurance that they would be willing to support the business to ensure that there is not an event of default in respect of its minimum liquidity covenant.

After consideration of the forecasts and sensitivities and the range of support available, the Directors believe that the Group will be able to continue to meet its liabilities as they fall due for the foreseeable future, and it is therefore appropriate to prepare the financial statements on a going concern basis.

2.5 Reporting period

The Company and Group has drawn up the accounts for current and prior period for the year ended 31 December, in line with Company law allowing accounts to be drawn up to within 7 days of the accounting reference date.

2.6 Turnover

Turnover is recognised at the fair value of the consideration received or receivable for goods and services provided in the normal course of business, and is shown net of VAT and other sales related taxes. The fair value of consideration takes into account trade discounts, settlement discounts and volume rebates.

Turnover comprises of the provision of sales and services relating to ultra secure hosting and IT services. Turnover is recognised when the risks and rewards of services have been provided and ownership has been transferred to the customer. Turnover is adjusted for any income received in advance which is treated as deferred income within creditors.

2.7 Intangible fixed assets - goodwill

Goodwill represents the excess of the consideration for acquired undertakings compared with the fair value of net assets acquired. It is initially recognised as an asset at cost and is subsequently measured at cost less accumulated amortisation and accumulated impairment losses. Goodwill is written off evenly over 10 years as in the opinion of the Directors this represents the period over which the goodwill is expected to give rise to economic benefit.

Goodwill is reviewed for impairment at the end of the first full financial year following the acquisition and in other periods if events or changes in circumstances indicate that the carrying value may not be recoverable.

2.8 Intangible fixed assets - other than goodwill

Intangible assets acquired separately from a business are recognised at cost and are subsequently measured at cost less accumulated amortisation and accumulated impairment losses.

Intangible assets acquired on business combinations are recognised separately from goodwill at the acquisition date where the fair value of the asset can be measured reliably; the intangible asset arises from contractual or other legal rights; and the intangible asset is separable from the entity.

The Group capitalises development expenditure as an intangible asset when it is able to demonstrate all of the following:

- The technical feasibility of completing the development so the intangible asset will be available for use or sale.
- The intention to complete the development and to use or sell the intangible asset.
- The ability to use or sell the intangible asset.
- How the intangible asset will generate probable future economic benefits.
- The availability of adequate technical, financial and other resources to complete the development and to use or sell the intangible asset.
- The ability to measure reliably the expenditure attributable to the intangible asset during its development.

Capitalised development expenditure is initially recognised at cost and subsequently measured at cost less accumulated amortisation and accumulated impairment losses. All research expenditure and other development expenditure that does not meet the above conditions is expensed as incurred.

2. Summary of significant accounting policies (continued)

2.8 Intangible fixed assets - other than goodwill (continued)

Amortisation is recognised so as to write off the cost or valuation of assets less their residual values over their useful lives on the following bases:

Software	4 years on cost per annum
Customer relationships	10 years on cost per annum
Development costs	4 years on cost per annum
Customer contracts	over the life of the contract

Amortisation is revised prospectively for any significant change in useful life or residual value.

Intangible assets in the course of development are not amortised.

On disposal, the difference between the net disposal proceeds and the carrying amount of the intangible asset is recognised in the statement of income.

2.9 Tangible fixed assets

Tangible fixed assets are initially measured at cost and subsequently measured at cost or valuation, net of depreciation and any impairment losses.

Depreciation is recognised so as to write off the cost or valuation of assets less their residual values over their useful lives on the following bases:

Freehold property	50 years on cost per annum
Leasehold property	over the term of the lease
Plant and machinery	4 - 20 years on cost per annum
Computer equipment	3 - 4 years on cost per annum

The gain or loss arising on the disposal of an asset is determined as the difference between the sale proceeds and the carrying value of the asset, and is credited or charged to the statement of comprehensive income.

Residual value is calculated on the price prevailing at the reporting date, after estimated costs of disposal, for the asset as if it were at the age and in the condition expected at the end of its useful life.

2.10 Fixed asset investments

In the separate accounts of the Company, interests in subsidiaries are initially measured at cost and subsequently measured at cost less any accumulated impairment losses. The investments are assessed for impairment at each reporting date and any impairment losses or reversals of impairment losses are recognised immediately in the statement of comprehensive income.

A subsidiary is an entity controlled by the Group. Control is the power to govern the financial and operating policies of the entity so as to obtain benefits from its activities.

2.11 Impairment of fixed assets

At each reporting period end date, the Group reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Where it is not possible to estimate the recoverable amount of an individual asset, the Group estimates the recoverable amount of the cash-generating unit to which the asset belongs.

Recoverable amount is the higher of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in the statement of comprehensive income.

2.12 Cash and cash equivalents

Cash and cash equivalents are basic financial instruments and include cash in hand, deposits held at call with banks, other short-term liquid investments with original maturities of three months or less, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities.

2.13 Financial instruments

The Group has elected to apply the provisions of Section 11 'Basic Financial Instruments' and Section 12 'Other Financial Instruments Issues' of FRS 102 to all of its financial instruments. Financial instruments are recognised when the Group becomes party to the contractual provisions of the instrument.

Financial assets and liabilities are offset and the net amounts presented in the financial statements when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis or to realise the asset and settle the liability simultaneously.

2. Summary of significant accounting policies (continued)

2.14 Financial assets

Basic financial assets, which include trade and other debtors, amounts owed by group undertakings and cash and bank balances, are initially measured at transaction price including transaction costs and are subsequently carried at amortised cost using the effective interest method unless the arrangement constitutes a financing transaction, where the financial asset is measured at the present value of the future receipts discounted at a market rate of interest.

Financial assets are assessed for indicators of impairment at each reporting end date. Financial assets are impaired where there is objective evidence that, as a result of one or more events that occurred after the initial recognition of the financial asset, the estimated future cash flows have been affected. If an asset is impaired, the impairment loss is the difference between the carrying amount and the present value of the estimated cash flows discounted at the asset's original effective interest rate. The impairment loss is recognised in the statement of comprehensive income.

If there is a decrease in the impairment loss arising from an event occurring after the impairment was recognised, the impairment is reversed. The reversal is such that the current carrying amount does not exceed what the carrying amount would have been, had the impairment not previously been recognised. The impairment reversal is recognised in the statement of comprehensive income.

Financial assets are derecognised only when the contractual rights to the cash flows from the asset expire or are settled, or when the Group transfers the financial asset and substantially all the risks and rewards of ownership to another entity, or if some significant risks and rewards of ownership are retained but control of the asset has transferred to another party that is able to sell the asset in its entirety to an unrelated third party.

2.15 Classification of financial liabilities

Financial liabilities and equity instruments are classified according to the substance of the contractual arrangements entered into. An equity instrument is any contract that evidences a residual interest in the assets of the Group after deducting all of its liabilities.

2.16 Financial liabilities

Basic financial liabilities, including trade and other creditors, bank loans and overdrafts, loan notes and amounts due to group undertakings are initially recognised at transaction price unless the arrangement constitutes a financing transaction, where the debt instrument is measured at the present value of the future payments discounted at a market rate of interest. Debt instruments are subsequently carried at amortised cost, using the effective interest rate method.

Financial liabilities are derecognised when, and only when, the Group's contractual obligations are discharged, cancelled, or they expire.

2.17 Equity instruments

Equity instruments issued by the Group are recorded at the fair value of proceeds received, net of transaction costs. Dividends payable on equity instruments are recognised as liabilities once they are no longer at the discretion of the Group.

2.18 Taxation

The tax expense represents the sum of the current tax expense and deferred tax expense. Current tax assets are recognised when tax paid exceeds the tax payable.

Current and deferred tax is charged or credited to profit or loss, except when it relates to items charged or credited to other comprehensive income or equity, when the tax follows the transaction or event it relates to and is also charged or credited to other comprehensive income, or equity.

Current tax assets and current tax liabilities and deferred tax assets and deferred tax liabilities are offset, if and only if, there is a legally enforceable right to set off the amounts and the entity intends either to settle on the net basis or to realise the asset and settle the liability simultaneously.

Current tax is based on taxable profit for the year. Current tax assets and liabilities are measured using tax rates that have been enacted or substantively enacted by the reporting date.

Deferred tax is calculated at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled based on tax rates that have been enacted or substantively enacted by the reporting date.

Deferred tax liabilities are recognised in respect of all timing differences that exist at the reporting date. Timing differences are differences between taxable profits and total comprehensive income that arise from the inclusion of income and expenses in tax assessments in different periods from their recognition in the financial statements. Deferred tax assets are recognised only to the extent that it is probable that they will be recovered by the reversal of deferred tax liabilities or other future taxable profits.

For non-depreciable assets measured using the revaluation model and investment properties measured at fair value (except investment property with a limited useful life held by the group to consume substantially all of its economic benefit), deferred tax is measured using the tax rates and allowances that apply to the sale of the asset or property.

2. Summary of significant accounting policies (continued)

2.19 Employee benefits

The costs of short-term employee benefits are recognised as a liability and an expense, unless those costs are required to be recognised as part of the cost of fixed assets. The cost of any unused holiday entitlement is recognised in the period in which the employee's services are received. Termination benefits are recognised immediately as an expense when the Company is demonstrably committed to terminate the employment of an employee or to provide termination benefits.

2.20 Retirement benefits

For defined contribution schemes the amount charged to the statement of comprehensive income is the contributions payable in the year. Differences between contributions payable in the year and contributions actually paid are shown as either accruals or prepayments.

2.21 Leases

Leases are classified as finance leases and hire purchase contracts whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessees. All other leases are classified as operating leases.

Assets held under finance leases and hire purchase contracts are recognised as assets at the lower of the assets fair value at the date of inception and the present value of the minimum lease payments. The related liability is included in the statement of financial position as a finance lease or hire purchase contract obligation. Lease payments are treated as consisting of capital and interest elements. The interest is charged to the statement of comprehensive income so as to produce a constant periodic rate of interest on the remaining balance of the liability.

Rentals payable under operating leases, including any lease incentives received, are charged to profit or loss on a straight line basis over the term of the relevant lease except where another more systematic basis is more representative of the time pattern in which economic benefits from the leased asset are consumed.

2.22 Government grants

Government grants are recognised at the fair value of the asset received or receivable when there is reasonable assurance that the grant conditions will be met and the grants will be received.

A grant that specifies performance conditions is recognised in income when the performance conditions are met. Where a grant does not specify performance conditions it is recognised in income when the proceeds are received or receivable. A grant received before the recognition criteria are satisfied is recognised as a liability.

2.23 Exceptional items

The Group presents as exceptional items on the face of the Statement of Comprehensive Income those material items of income and expense which, because of the nature and expected infrequency of the events giving rise to them, merit separate presentation to allow shareholders to better understand the elements of financial performance and the underlying business performance in the period, and to facilitate comparison with prior years and other companies.

2.24 Share based payments

Equity-settled share-based payments are measured at fair value at the date of grant by reference to the fair value of the equity instruments granted using the Black-Scholes model. The fair value determined at the grant date is expensed on a straight-line basis over the vesting period, based on the estimate of shares that will eventually vest. A corresponding adjustment is made to equity.

When the terms and conditions of equity-settled share-based payments at the time they were granted are subsequently modified, the fair value of the share-based payment under the original terms and conditions and under the modified terms and conditions are both determined at the date of the modification. Any excess of the modified fair value over the original fair value is recognised over the remaining vesting period in addition to the grant date fair value of the original share-based payment. The share-based payment expense is not adjusted if the modified fair value is less than the original fair value.

Cancellations or settlements (including those resulting from employee redundancies) are treated as an acceleration of vesting and the amount that would have been recognised over the remaining vesting period is recognised immediately.

3. Critical accounting judgements and key sources of estimation uncertainty

In the application of the Group's accounting policies, the Directors are required to make judgements, estimates and assumptions about the carrying amount of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised where the revision affects only that period, or in the period of the revision and future periods where the revision affects both current and future periods.

3.1 Critical judgements

The following judgements (apart from those involving estimates) have had the most significant effect on amounts recognised in the financial statements.

Leases

In categorising leases as finance lease or operating leases, management make judgement as to whether significant risks and rewards of ownership have transferred to the Group as lessee.

Revenue recognition

The timing of revenue recognition is subject to inherent complexities, especially in relation to more complex contracts that include multiple services.

Cyberfort Group Limited**Notes to the Financial Statements**

for the year ended 31 December 2021

18

3. Critical accounting judgements and key sources of estimation uncertainty (continued)**3.2 Key sources of estimation uncertainty**

The estimates and assumptions which have a significant risk of causing a material adjustment to the carrying amount of assets and liabilities are as follows.

Depreciation and amortisation

The assessment of the useful economic lives and the method of depreciating tangible fixed assets and amortising intangible fixed assets requires judgement. Depreciation and amortisation is charged to the income statement based on the useful economic life selected, which requires an estimation of the period and profile over which the Group expects to consume the future economic benefits embodied in the assets.

The carrying value of tangible and intangible fixed assets at the balance sheet date was £26,338,000 (2020: £29,475,000).

Intangible assets

The Group initially measures the separable intangible assets acquired in a business combination at their fair value at the date of acquisition. Management judgement is required in deriving a number of assumptions which are used in assessing the fair value of each acquisition intangible and also in assessing the useful economic lives of these assets for the purposes of amortisation.

The carrying value of these intangible assets at the balance sheet date was £4,067,000 (2020: £4,804,000).

Impairment of goodwill and other intangibles

Determining whether goodwill and other intangibles are impaired requires an estimation at the higher of fair value and value in use of the asset or cash generating units to which they have been allocated or belong. The value in use calculation requires the entity to estimate the future cash flows expected to arise from the asset or cash generating unit and a suitable discount rate in order to calculate present value.

The carrying value of these intangible assets at the balance sheet date was £19,162,000 (2020: £21,769,000).

Share based payments

Part of the remuneration of certain employees is provided through the grant of shares issued at a discount to market value in the shares by the Group. The costs of those equity settled transaction with employees is measured by reference to the fair value on the date they are granted. Judgement is required in determining the most appropriate valuation model, along with the inputs into that model, which includes the expected volatility and life of the share based payment arrangement.

The carrying value of the share based payment reserve at the balance sheet date was £775,000 (2020: £584,000).

Development cost

Management judgement is required in assessing the fair value of development costs capitalised, including the future economic benefit expected to be generated by those assets. At 31 December 2021, the carrying value of development costs capitalised was £853,000 (2020: £435,000).

4. Turnover

The Group's turnover for the year is wholly derived from within the United Kingdom.

An analysis of the Group's turnover by business class is as follows:

	2021 £'000	2020 £'000
Hosting and data centre services	9,465	9,360
Cyber security services	9,211	4,155
Compliance services	242	208
Professional and other services	190	581
Total	19,108	14,304

There is no single customer whose revenues are 10% or greater than overall Group revenues in either the current or prior financial year.

5. Other income

	2021 £'000	2020 £'000
Research and development enhanced tax credits scheme	101	164
UK government Coronavirus job retention scheme	17	16
	118	180

Cyberfort Group Limited
Notes to the Financial Statements
for the year ended 31 December 2021

19

6. Operating loss

This is stated after charging/(crediting):

	Note	2021 £'000	2020 £'000
Employee benefit expense	24	8,400	6,836
Depreciation	10	1,575	1,764
Amortisation	11	3,323	3,210
Loss on disposal of intangible assets		-	15
Loss/(profit) on disposal of property, plant and equipment		9	(23)
Research and development costs expensed		736	470
Government grants	5	(17)	(16)
Share-based payment charge	23	191	186
Operating lease expense		103	189

Included in administrative expenses are the following items which are deemed to be exceptional or non-operating:

	2021 £'000	2020 £'000
Restructuring costs	267	242
Professional fees and surcharges	168	-
Total exceptional costs	435	242
Chairman and ultimate parent company monitoring fees	166	67
Total exceptional and non-operating costs	601	309

7. Auditor's remuneration

The analysis of the auditor's remuneration is as follows:

	2021 £'000	2020 £'000
Fees payable to the Company's auditors and their associates for the audit of the Company's annual financial statements	6	6
Fees payable to the Company's auditors and their associates for other services to the Group:		
The audit of the Company's subsidiaries	74	72
Total audit fees	80	78
Other services		
Audit-related assurance services	6	27
Tax compliance services	17	16
Total other services	23	43
Total fees	103	121

8. Finance income and expenses

	2021 £'000	2020 £'000
Interest on financial liabilities measured at amortised cost:		
Interest payable on bank borrowings and loan notes	1,416	1,313
Interest payable on loan notes	2,864	2,614
Amortisation of debt arrangement fees	234	194
	4,514	4,121
Other finance costs:		
Interest payable on finance leases	144	125
Other interest payable	8	3
Finance costs	4,666	4,249
Net finance costs	(4,666)	(4,249)

Cyberfort Group Limited

Notes to the Financial Statements

for the year ended 31 December 2021

20

9. Income tax

Recognised in the Statement of Comprehensive Income

	Note	2021 £'000	2020 £'000
Current tax			
Current tax		-	-
Adjustments in respect of prior years		-	(3)
Total current tax		-	(3)
Deferred tax			
Origination and reversal of temporary differences		(83)	(1,312)
Adjustments in respect of prior years		(21)	(195)
Total deferred tax	19	(104)	(1,507)
Total tax charge in the Statement of Comprehensive Income		(104)	(1,510)

Reconciliation of effective tax rate

The credit for the year is lower (2020: lower) than the standard rate of corporation tax in the UK of 19% (2020: 19.00%). The differences are explained below:

	2021 £'000	2020 £'000
Loss before income tax	(6,589)	(7,809)
Tax calculated at UK effective tax rate of 19% (2020: 19.00%)	(1,252)	(1,484)
Effects of:		
Fixed asset timing differences	5	31
Expenses not deductible for tax purposes	54	39
Losses not utilised	1,517	2,383
Surrender of losses for R&D tax credit refund	(19)	(31)
Other permanent differences	-	(17)
Deferred tax adjustments in respect of prior years	21	197
Remeasurement of deferred tax for changes in tax rates	(660)	(47)
Amortisation on goodwill	438	438
Adjustments in respect of prior years	-	1
Total tax in the Statement of Comprehensive Income	104	1,510

Changes to the UK corporation tax rates include an increase in the main rate to from 19% to 25% from 1 April 2023. As these changes had been substantively enacted at the balance sheet date their effects are included in these financial statements.

The Group has estimated losses of £9,884,000 (2020: £8,200,000) available for carry forward against future trading profits.

12. Investments in subsidiaries

	2021	2020
Company	£'000	£'000
Cost		
As at 1 January	279	216
Capital contributions relating to share-based payments	28	63
As at 31 December	307	279
Net book amount		
As at 31 December	307	279

Investments in subsidiaries are recorded at cost, which is the fair value of the consideration paid, and this cost is tested periodically for impairment.

The capital contribution relating to share-based payments was in respect of LTIP awards granted by the Company to employees of subsidiary undertakings in the Group.

A full list of the undertakings whose results or financial position are included within the Company's annual financial statements is set out below.

Name	Country of incorporation (or registration) and operation	Registered number	Proportion of voting rights and ordinary share capital held	Nature of business
Direct subsidiary undertakings				
Cyberfort Bidco Limited	United Kingdom	10743953	100%	Intermediate holding company
Indirect subsidiary undertakings				
Cyberfort Limited	United Kingdom	05038041	100%	Provision of ultra secure hosting and IT services
Agenci Limited	United Kingdom	04705868	100%	Cyber software consultancy
Arcturus Security Limited	United Kingdom	11167673	100%	Consultancy
Auriga Group Solutions Limited	United Kingdom	07963021	100%	Intermediate holding company
Auriga Consulting Ltd	United Kingdom	06875201	100%	System security services
The Bunker Secure Hosting Limited	United Kingdom	05843717	100%	Non-trading

The registered office of all subsidiary undertakings is Ash Radar Station, Marshborough Road, Marshborough, Sandwich, Kent, CT13 0PL.

Cyberfort Limited, Agenci Limited, Arcturus Security Limited and Auriga Group Solutions Limited are wholly owned by Cyberfort Bidco Limited. The Bunker Secure Hostings Limited is wholly owned by Cyberfort Limited. Auriga Consulting Ltd is wholly owned by Auriga Group Solutions Limited.

Arcturus Security Limited, Agenci Limited, Auriga Group Solutions Limited and Auriga Consulting Ltd have taken exemption from audit under section 479A of the Companies Act 2006 (the Act) from the requirement in the Act for their individual accounts to be audited. The guarantee given by the Company under section 479A of the Act is disclosed in note 27.

The Group has resolved with its bank certain technical breaches in its covenants relating to the financial years ended 31 December 2020 and 31 December 2019. However, as this agreement was reached after the balance sheet date last year, it was required that the entire liability with respect to these bank loans were classified as due within one year. Having resolved these retrospective issues, the terms of the loans remain unaltered.

Borrowings due after one year	47,005	29,806	-	-
Total Borrowings	49,698	46,917	-	-

At the year end, the amount outstanding less debt issue costs, on a bank loan was £14,596,000 (2020: £14,361,000). The interest on the bank loan is repayable in quarterly instalments and the loan is repayable in full on 1 August 2024. The loan facility attracted a rate of interest of 7.75% plus the greater of LIBOR or 0.75%. The loan includes an off-set of debt issue costs which have been capitalised. During the year debt issue costs of £192,404 were capitalised and debt issue costs of £234,421 were amortised. At the year end £609,000 (2020: £651,000) will be amortised in future years. Also included in the amount owed at 31 December 2021 is accrued interest of £112,000 (2020: £111,000). Of the bank loan £2,000,000 (2020: £2,000,000) is repayable within one year and £14,596,000 (2020: nil) is repayable after one year.

At the year end, the Group had drawn £2,000,000 (2020: £2,000,000) of a revolving loan facility, which is repayable on demand and is shown within amounts due within one year. In addition the Group has an unutilised overdraft facility of £1,000,000 (2020: £1,000,000).

On 7 July 2017 loan notes and loan notes from related parties of £14,610,000 were issued. On 11 March 2019 loan notes of £9,147,000 were issued of which £1,954,000 were redeemed in prior periods. On 24 December 2019 a further £55,000 of loan notes were issued. The loan notes carry an interest rate of 10% and are repayable in August 2024.

Included in the amount owed at 31 December 2021 is accrued interest of £9,971,000 (2020: £7,108,000) which is repayable at the same time as the capital amount. No interest is charged on the accrued interest.

The bank loans and loan notes are fully secured by a fixed and floating charge over the current and future property and other assets of the Group.

	Future minimum lease payments		Present value of minimum lease payments	
	2021	2020	2021	2020
	£'000	£'000	£'000	£'000
Less than one year	796	873	693	750
Between one and five years	634	923	580	840
	1,430	1,796	1,273	1,590
Less: future finance charges	(157)	(206)	-	-
Present value of minimum lease payments	1,273	1,590	1,273	1,590

Finance lease and hire purchase payments represent rentals payable by the Group for certain items of plant and machinery. Leases and contracts include purchase options at the end of the lease/contract period, and no restrictions are placed on the use of the assets. The average lease term is 3 years. All leases and contracts are on a fixed repayment basis and no arrangements have been entered into for contingent rental payments.

Obligations under finance leases and hire purchase contracts are secured against the assets to which they relate.

19. Deferred tax

Deferred tax assets and liabilities are offset where the Group has a legally enforceable right to do so. The analysis of the deferred tax balances (after offset) for financial reporting purposes is as follows:

	Note	Group		Company	
		2021 £'000	2020 £'000	2021 £'000	2020 £'000
Liabilities/(assets):					
Accelerated capital allowances		921	487	2	4
Tax losses		(1,011)	(551)	(422)	(327)
Revaluations		96	70	-	-
Assets measured at fair value on acquisition		1,017	913	-	-
Short term timing differences		(6)	(6)	-	-
Liabilities/(assets) as at 31 December		1,017	913	(420)	(323)

The movement in the deferred income tax assets/(liabilities) during the year is as follows:

	Note	Group		Company	
		2021 £'000	2020 £'000	2021 £'000	2020 £'000
As at 1 January		(913)	594	323	276
Charged to Consolidated Statement of Comprehensive Income	9	(104)	(1,507)	97	47
As at 31 December		(1,017)	(913)	420	323

The movement in deferred income tax assets and liabilities during the year, without taking into consideration the offsetting of balances within the same tax jurisdiction, is as follows:

	Group		Company	
	2021 Tax losses £'000	2020 Tax losses £'000	2021 Tax losses £'000	2020 Tax losses £'000
Deferred tax assets

21. Share capital

Group and Company	2021 Number	2020 Number	2021 £	2020 £
Ordinary A voting shares of 1p each	20,000	20,000	200	200
Preferred Ordinary voting shares of 1p each	80,000	80,000	800	800
As at 31 December 2021	100,000	100,000	1,000	1,000

The holders of the Preferred Ordinary shares are equal to 90% of the total voting rights attaching to all shares in issue at the date of any such meeting or the date of circulation of any such resolution.

No holder of shares in the Company is entitled to receive any dividends in respect of these shares until such time as the loan notes have been redeemed in full.

Return of Capital will be the repayment of the issue price of the capital held and then equal distribution between each class of shares.

During the prior year, 250 ordinary A voting shares of 1p each were issued at a price of £15 each.

22. Reserves**Share premium**

Consideration received for shares issued above their nominal value net of transaction costs.

Share based payment reserve

The reserve represents the cumulative share based payment charge.

Profit and loss reserves

Cumulative profit and loss net of distribution to owners.

23. Share-based payments

On 7 July 2017, 15,750 Ordinary A voting shares of 1p each were issued at a discount to market value at £15 per share. A further 4,000 shares were issued at £15 per share under this arrangement in December 2018. These shares contain various restrictions including the requirement for them to be transferred at nominal value on cessation of employment. The value of these shares will be realised on a sale of the Company. The fair value of these shares was determined to be £156.55 on the 2018 issue and on the 2017 issue. The resulting charge is to be written off over five years for the July 2017 share issue and three and a half years for the December 2018 issue.

The share-based payment charge recognised in respect of these shares in the year was £191,000 (2020: £186,000). This charge was determined using the Black Scholes model and the following inputs:

	Dec 2018	Jul 2017
Grant date		
Stock price on issue (£'000)	17,159	14,990
Hurdle price	16,843	14,673
Risk free rate used in valuation	1.00%	1.00%
Volatility used in valuation	32.79%	31.05%
Expected life (years)	3.5	5.0

The hurdle price represents loan notes of £14,673,000 (2017: £14,673,000) and accrued interest of £2,170,000 (2017: £nil) that are required to be repaid before any return of capital in respect of these shares can be made.

The shares do not have any market based criteria that would affect whether they can be exercised, consequently the Black Scholes model was considered appropriate to be utilised to determine the grant date fair value.

24. Employee benefit expense and Directors' emoluments

Group	2021 £'000	2020 £'000
Employees (including Directors)		
Wages and salaries	7,286	5,875
Social security costs	812	671
Share-based payments	191	186
Other pension costs	111	104
	8,400	6,836

Included in the above is an amount of £606,000 (2020: £571,000) that has been capitalised.

Monthly average number of employees (including Directors)

Management and administration	13	16
Sales and marketing	9	10
Operational, clinical and development	104	89
	126	115

The Group operates a defined contribution pension scheme for all qualifying employees. The assets of the scheme are held separately from those of the Group in an independently administered fund. At the year end, an amount of £27,000 (2020: £33,000) was due with respect to pension contributions.

Company

Directors' emoluments	2021 £'000	2020 £'000
Aggregate emoluments	255	259
Amounts receivable under long-term incentive schemes	88	35
Pension contributions	1	1
	344	295

Emoluments of the highest paid Director	2021 £'000	2020 £'000
Aggregate emoluments	195	188
Pension contributions	1	1
Total	196	189

The number of Directors who were accruing benefits under defined contribution schemes during the year was 1 (2020: 2).

Cyberfort Group Limited
Notes to the Financial Statements
for the year ended 31 December 2021

29

25. Reconciliation of net loss to net cash used in operating activities

	2021 £'000	2020 £'000
Loss for the financial year	(6,693)	(9,319)
Adjustments for:		
Taxation charged	104	1,510
Depreciation of tangible fixed assets	1,575	1,764
Amortisation of intangible assets	3,323	3,210
Share-based payments	191	186
Loss on disposal of intangible assets	-	15
Loss/(profit) on disposal of property, plant and equipment	9	(23)
Finance costs - net	4,666	4,249
Operating cash flows before movements in working capital	3,175	1,592
Increase in receivables	(110)	(775)
Increase in payables	195	1,698
Cash generated by operations	3,260	2,515

26. Operating lease commitments

The Group leases its office premises under non-cancellable operating lease agreements. The Group had future aggregate minimum lease payments under non-cancellable operating leases as follows:

	2021 £'000	2020 £'000
Within 1 year	103	126
Between 1 and 5 years	410	410
After 5 years	487	589
Total	1,000	1,125

27. Commitments and contingencies

Palatine Private Equity Fund III LLP holds a fixed and floating charge over the assets of the Company and a negative pledge in respect of borrowings in the Company.

The Group had capital commitments of £nil at the end of the year (2020: £27,000) for capital expenditure contracted for but not provided for in the financial statements.

Guarantees

In order for Arcturus Security Limited, Agenci Limited, Auriga Group Solutions Limited and Auriga Consultancy Limited to take the audit exemption in section 479A of the Companies Act 2006, the Company has guaranteed all outstanding liabilities of the subsidiary companies at 31 December 2021 until these liabilities are settled in full.

28. Related party transactions**Key management personnel**

The compensation of key management personnel, including directors, members of the Executive Management team and senior technical staff, was as

	2021 £'000	2020 £'000
Short-term employee benefits	1,345	829
Post-employment benefits	11	8
Share-based payments	159	63
	1,515	900

Company and Group

During the year, the Group made further advances to a director of £7,500 (2020: £30,000) in respect of his director's loan. At the year end the Company was owed £48,750 (2020: £41,250) by a director of the Company. The maximum amount outstanding during the year was £56,250 (2020: owed £41,250). This amount was interest free and repayable on demand. No amounts on the loan have been repaid during the year. The amount is included within other debtors.

Group

During the year, the Group paid monitoring fees of £98,000 (2020: £109,000) and also made sales of £4,000 (2020: £49,000) to Palatine Private Equity Fund III LLP, who are a significant shareholder of the Company. At 31 December 2021, Palatine Private Equity Fund III LLP was owed £71,000 by the Group (2020: owed £11,000 to the Group).

29. Company statement of comprehensive income
