■ ABOUT BAE SYSTEMS, INC.

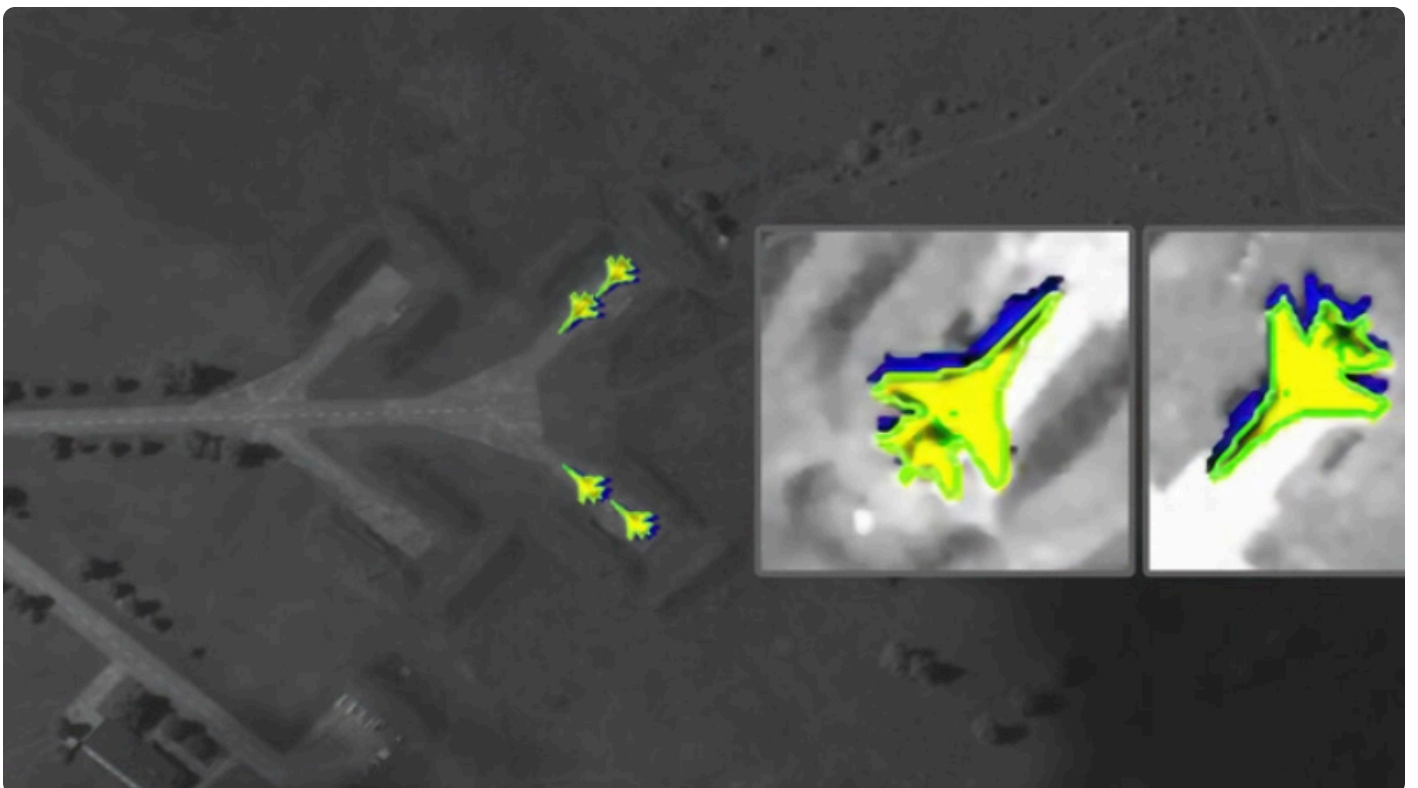

At BAE Systems, our dedication shows in everything we do. We're pioneering inventions to defend our national security, protect our men and women in uniform, and sustain the prosperity of our communities and our planet. Our culture is built on curiosity, creativity, and collaboration.

■ KEY STATS

Electronic Systems

Electronic Systems produces commercial and defense electronics for flight and engine control, electronic warfare, surveillance, communications, and power and energy management.

Intelligence & Security

Intelligence & Security delivers a broad range of solutions and services enabling militaries and governments to successfully carry out their missions. The company provides large-scale systems engineering, integration, and sustainment services across air, land, sea, space, and cyber domains.

Platforms & Services

Platforms & Services is a leading provider of tracked and wheeled armored combat vehicles, naval guns, naval ship repair and modernization, artillery and missile launching systems, advanced precision strike munitions and ordnance, and other technologies for U.S. and international customers.

Space & Mission Systems

We supply aerospace technologies and services to governmental customers. We pioneer discoveries that enable our customers to perform beyond expectation and protect what matters most.
