SDM 100 companies are ranked here by the amount of their sales/installation revenue from non-residential projects. Note that some larger companies and those that are very active in the non-residential market are not ranked because such detailed information was not publicly available or they did not report it to *SDM*. Companies that reported less than \$400,000 in sales/installation revenue are not included in this ranking.

SDM 100 companies are ranked in the table above by the number of their residential subscribers (customers). Note that some of the larger companies such as ADT and Securitas are not ranked, either because such detailed information is not publicly available or they did not report it to *SDM*. Companies that reported fewer than 500 residential subscribers are not included in this ranking.
